Move Free and Prosper

*Survey Results: Questionnaire for those
looking to emigrate or those who have
already lived abroad*

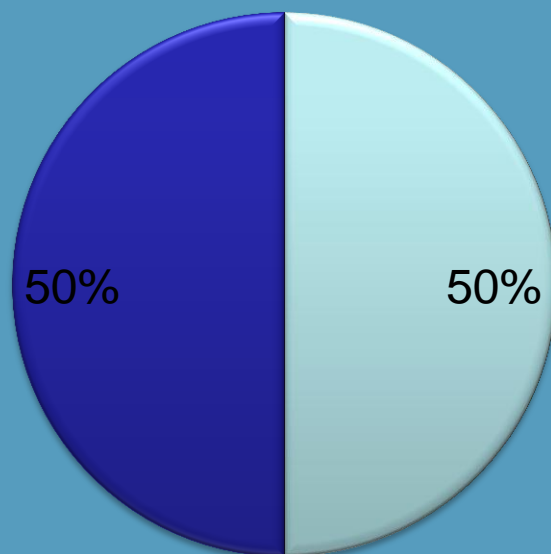

Conducting the survey

- In total we surveyed 22 people, all of whom avail of one of Meath Partnership's volunteer, career coaching and community employment programmes
- Survey was conducted through a mixture of face-to-face sessions and by emailing our clients a link to an electronic survey on [surveymonkey.com](https://www.surveymonkey.com) and asking them to complete the survey online
- In general, we found the response from the online survey to be poor, and got better results from the face-to-face surveys
- All responses were typed in to Survey Monkey and a report was generated
